

SALT CHLORINATOR INLINE ACCESS

Easy, reliable, automatic pool water treatment

SALT CHLORINATOR INLINE ACCESS

+ COMFORT

- Water disinfection without chemicals.
- Robust technology resists storms and drops in electricity.
- Polarity inversion every 4 hours:
 - helps the cell's longevity
 - reduces the calcium formation on the cells

+ ROBUSTNESS

- Cell is protected if water level is low.
- Cell is protected against electrical surcharges.

+ EASE OF USE

- Easy and reliable model without electronics.
- Adjustable dial button for chlorine production (6 levels).
- "Autocover" (connector supplied) mode to reduce chlorine production to 20% when the cover closes the pool.

ProCell®
for optimal chlorine production.

ProCell®

USEFUL TO KNOW

- In order to prolong the cell's expected life, turn off the salt chlorinator when the water temperature is less than 15 °C.
- **Recommended salt level:** between 4 and 5 g/L.
