

BUBBLE COVERS
COMFORT

A multi-faceted range

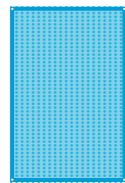

BUBBLE COVERS COMFORT

+ MATERIAL

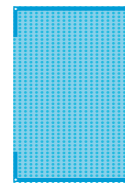

- 500 micron polyethylene bubble cover with round bubbles.
- Placed over the water, these covers prevent water evaporation and maintain the temperature of your pool from the beginning of spring.
- The entire range is UV treated and has a high resistance to wear and tear.

+ FINISHES

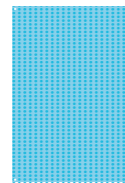

- The covers are all made with a double seam border*.
- They are available in 3 finishes:
- Bordered all around
 - Bordered on 2 widths
 - Non bordered

Bordered all around

Bordered on 2 widths

Non bordered

* The border color is not contractually binding.

+ Reel system

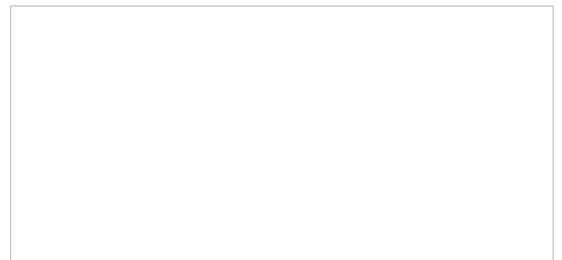

Do not hesitate to combine your bubble cover with a reel system to facilitate its deployment and storage.

PRO HINT

- It is imperative to install the cover with the bubble side on the water.
- Remove the cover in case of shock treatments and wait for the disinfectant level to drop before positioning it back.
- Do not swim under or jump on the cover.
- Lower the production of automatic disinfection appliances in case of absence.
- It is imperative to protect the cover with an opaque sunscreen (when stored on a reel system) to protect it from UV's.
