

BUBBLE COVER
BLUE BLUE

A bubble cover at the best value for money

BUBBLE COVER BLUE BLUE

+ MATERIAL

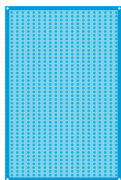

- 400 micron polyethylene bubble cover with round bubbles.
- It has a blueish tint and is anti-UV treated (antioxidant treatment to avoid any degradation of the polyethylene by the sun).
- Placed over the water, this cover prevents water evaporation and maintains the temperature of your pool from the beginning of spring.

+ FINISHES

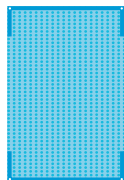

- The covers are all made with a double seam border*.

They are available in 3 finishes:

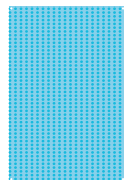

- Bordered all around
- Bordered on 2 widths
- Non bordered

Bordered all around

Bordered on 2 widths

Non bordered

* The border color is not contractually binding.

+ Reel system

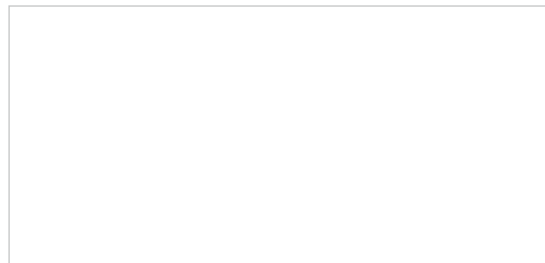

Do not hesitate to combine your bubble cover with a reel system to facilitate its installation and storage.

✓ PRO HINT

- It is imperative to install the cover with the bubble side on the water.
