

WINTER SHIFT
IVERNEA

DEGRESSIVE

The wintering of your slats with ease

WINTER SHIFT IVERNEA

Cover available for pool up to 10.00 x 20.00 m.

+ MATERIAL

- Opaque 260 g/m² polyethylene fabric.
- Surrounding mesh (colours matches with the top fabric) used to filter rainwater and trap leaves and dirt of your environment.

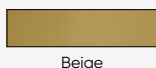

+ ANCHOR

- With its bungee-clips that fit directly onto your slats, no fitting to the coping required. There is no degradation of the bench.

+ USE

- The Ivernea winter shift should **only be used in autumn and winter**.

▶ COLORS AVAILABLE

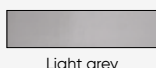

Beige

Blue

Green

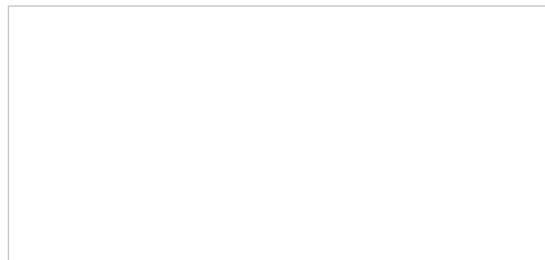

Light grey

USEFUL TO KNOW

- ▶ The Ivernea winter shift is only compatible with opaque 69 PVC slats, polycarbonate solar slats and opaque 84 PVC slats (not compatible with solar PVC slats).
