- Fixings adapted to wood or concrete coping.
- PVC reinforcements under the straps, 3 needle sewing for long lasting strength.
- Custom-made production quality from our French workshops.

MESH COVER
SUPERGREEN

YOUR POOL'S SECOND SKIN DURING THE LONG WINTER MONTHS, DEL WINTER COVERS FULLY PROTECT THE POOL SURFACE AND ARE FIXED TO THE COPING TO GUARANTEE A PERFECT STRETCH. DEL OFFERS A COMPLETE RANGE OF COVERS COMPLIANT WITH THE NF P 90-308 STANDARD RELATIVE TO THE FRENCH POOL SAFETY LAW.

CHOICE

The opaque covers enable to keep the pool water in the dark thereby preventing photosynthesis and the proliferation of algae during the winter. Lightweight and easy to install, the mesh covers are especially recommended for large pools and for pools equipped with a roller.

PROTECTION

DEL winter covers ensure the protection of your pool and actively combat staining and the premature ageing of your pool coating. Installing a winter cover contributes to eco-responsible pool management by saving water, chemicals and energy.

SAFETY

As all DEL safety equipments, the range of winter covers is certified by the French National Test Laboratory and is compliant with NF P 90-308 standard relative to the French pool safety law. Thanks to their unique identification number, they are fully traceable and the production process is tracked.

LAKE 550

Made to measure, the Lake 550 cover gives you a worry-free winter.

The robustness of the materials and fixings provides a perfect stretch to the cover, giving it a perfectly aesthetic appearance. It has an anti-UV and fungicide treatment that will maintain all its qualities over time.

PRODUCT SHEET

GREY BEIGE ALMOND GREEN BLUE

- Opaque safety cover for pools from 2.5 x 3 m up to 6 x 14 m.
- Not deformable fabric - 580 g/m².
- Fixings adapted to wood or concrete coping.
- Custom-made production quality from our French workshops.
