OPAQUE PVC 84 SLATS

THE PRODUCTS

MODERN AND SLEEK

- A new and unique design on the market.
- The flat slats look perfect on the water.
- Matte black end caps, providing an elegant contrast with the slat color.
- The boat deck-like flexible joints make cleaning between the slats easy.
- The black caps are welded for a perfect watertightness.

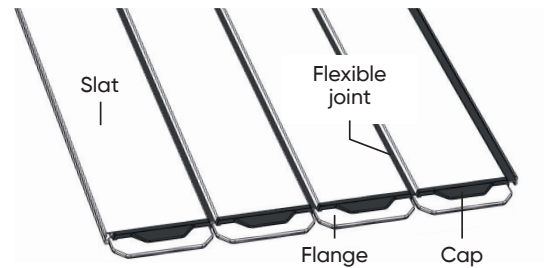

OPTIMIZED MATERIAL

- Extruded PVC slats without lead-based additive.
- The slats are UV-protected and have a good resistance to stains and organic deposits.
- Material compliant with age resistance requirements defined by french standard NF T54-405-1: 2013.

USEFUL TO KNOW

The opaque PVC 84 slats are available for:

- All automatic slatted covers.
- Pools wide up to 5.00 m.
- Pushlock locking system only.
- Pools with radius.
- Pools with cut-out or stairs.
- Pools with overflow or mirror.

A CHOICE OF 2 COLOURS

All our slats are compliant with the NF P90-308 french standard*.

Grey

White

Flexible joints and caps are black. Flange's colour is the same as the slats.

* To comply with the French safety standard NF P90-308, the slats must have a minimum width of 2.50 m.
