

LINER **SPECIALTIES**

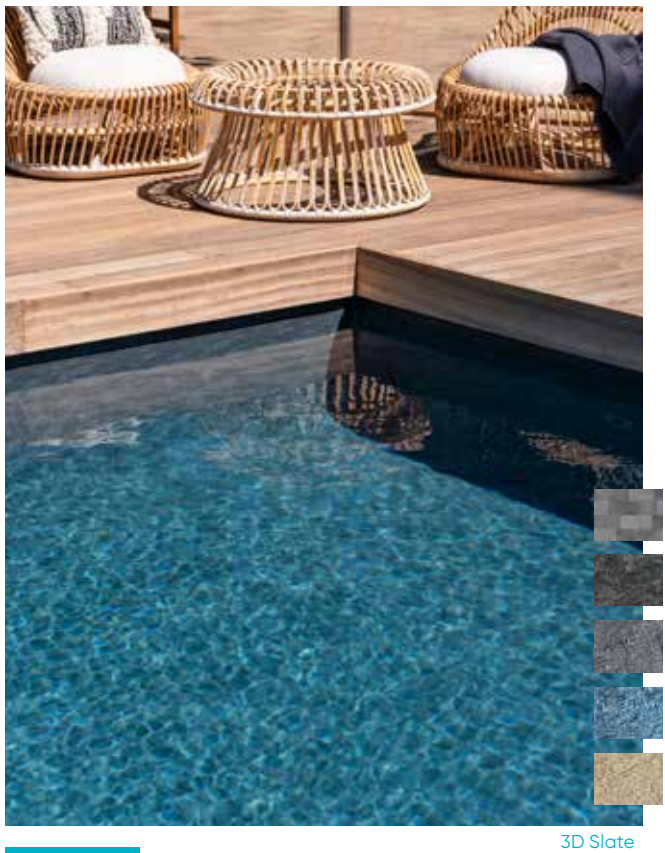

OUR TOP-OF-THE-RANGE LINERS,
MADE TO MEASURE WITH EXCELLENCE.

LINERS WITH NO COMPROMISE TO MEET THE MOST DEMANDING EXPECTATIONS

Carefully manufactured in our workshops in Brittany, every DEL liner is made with precision to fit the lines of your pool perfectly.

Let yourself be won over by the 3 high-quality collections in our “The Specialties” liner range.

3D Slate

XTRA

For a natural, sophisticated pool design, Xtra liner creates a **striking 3D stone effect** that’s as authentic to look at as it is to touch. Its **non-slip texture** provides **safety**, while its 4 natural stone-inspired patterns adapt to all types of surrounds for **an elegant, contemporary style**.

THE PRODUCTS

REINFORCED THICKNESS FOR SUPERIOR RESISTANCE

- A thicker liner, providing **increased protection** against punctures.
- The **best compromise** between a liner and a reinforced membrane.

A NON-SLIP, SAFETY-ENHANCING 3D TEXTURE

- Thanks to its relief structure (Class C), the Xtra liner provides **optimal grip**, eliminating the risk of slipping throughout the pool, including on steps and shallow submerged areas.
- **Enhanced safety** for the whole family, without compromising on design, and compliant with NF EN 16582-1 safety standards, for total peace of mind while swimming.

A STONE EFFECT TRUER THAN NATURE

- A printed, textured material for a **contemporary design** faithful to the beauty of **natural stone**.
- 5 different shades, including Imperial Grey, offering a large-slab effect for a pool to match your taste.
- Perfect for creating a sophisticated pool that blends harmoniously into any setting.
- Personalisation available with the **exclusive DEL ID Liner service**, for a pool that reflects your style.

COLLECTION

TILES

THE REALISTIC LOOK OF CERAMIC TILING, WITHOUT THE DRAWBACKS, FOR A CAPTIVATING POOL

Bring your pool the subtle charm of ceramic.

Its **on-trend printed colours** and high-quality made-to-measure construction guarantee an elegant pool that is durable and easy to maintain, with DEL reliability.

THE PRODUCTS

A TILED LOOK WITH STRIKING AUTHENTICITY

- Meticulously designed patterns reproducing **the appearance of genuine tiles**, 10 cm square for the Fiji colours, and of a similar scale for the Basalt colour.
- No grout to maintain, no risk of detachment, no unevenness from irregularly laid tiling.

PERFORMANCE BUILT TO LAST

- **Resistant** to high temperatures (up to 33°C), stains and ageing, keeping your pool looking radiant for longer.
- 0.85 mm thick, ensuring **strength and longevity**, with a 15-year watertightness guarantee.

A UNIQUE, DISTINCTIVE STYLE

- The various shades of the Tiles liner range from **understated refinement to exotic boldness**.
- Ideal laid across the whole pool, or combined with a plain colour from the Protect 33 range, for a **structured visual result** thanks to the exclusive DEL ID Liner service.

Basalt

COLLECTION

PROTECT 33

THE HIGH-TECH LINER THAT DEFIES TIME AND THE ELEMENTS

Choose the **Protect 33** liner, designed to **withstand the most demanding environmental conditions**. Thanks to its **exclusive formulation** and silky-effect protective varnish, it guarantees a smooth, easy-to-maintain pool that lasts over time.
