THE PRODUCTS

AESTHETIC

- Elegant, discreet and 100 % recyclable end-stands imagined by our own designers.
- LED lighting to emphasize the end-stand pure design for the electric version.

CUSTOMISABLE

- Available in electric or solar version.
- For each version, a choice of 3 end-stand colours for a perfect integration in your garden.

FINISHES

- All materials and components have been carefully selected for a perfect stability and an optimal rendering.
- The textured power-coated aluminium finishing gives the end-stands a decidedly contemporary appearance.

POOL SOUND (OPTION)

The cover end-stand turns into a Bluetooth® speaker to play music in the garden using a quick and intuitive connection. Available exclusively for electric version.

Cover available for pool from 2.00 x 3.00 m and up to 5.00 x 13.50 m.

1 END-STANDS

- Coloured aluminium end-stands.
- Compact end-stands (98 x 175 mm).

2 DECORATIVE LED STRIP (12 V)

- On/Off switch on the end-stand.

3 MOTORISATION

Tubular electric motor:

- Adjustable mechanical ends-of-runs, free-wheeling motor (used to unroll the slats in case of a motor breakdown and to keep the pool safe despite the absence of electricity).
- The motor service life is longer thanks to the bearings which support the tube and therefore the weight of the cover.

Controlled by Wi-Key, key switch or LivePool.
